Product Features & Benefits

• Manufactured from the best high carbon-high chrome core hardened steel which ensures excellent wear resistance.

• Low-roughness polished finished surface to ensure consistent performance and yarn quality.

• Special Conical/Concave design which allows the optimum ring and traveler contact.

• 4” x 4” micro hole lubrication system delivers the proper amount of oil on the ring surface to ensure the best traveler performance. (Includes 100% selected wool wicks).

• Custom made ring rails available to accommodate different ring diameters.
